NEXT REVIEW November 15, 2025

To meet the institution's strategic objectives for improving domestic enrolment, the Selkirk College Board of Governors annually funds \$60,000 to the "Board of Governor's Early Entrance Scholarship" program. Award values range between \$500 and \$1,000.

Eligible applicants are either Canadian citizens or permanent residents with a qualifying GPA. To encourage first time applicants to commit early to a post-secondary program, applications received between September and December are automatically considered for the early entrance scholarship.
